

# Welcome to Nihon Minkaen

Traditional Japanese architecture is well known around the world for its beauty and functionality, the essence of which is reflected in the design and construction of Japanese folk houses. To conserve these valuable historic creations from the past, the city of Kawasaki began to relocate them to Minkaen from all over Japan in 1965. At the present time there are 25 historical buildings, including a shrine and a Kabuki stage. Additionally, tools and utensils are kept in designated areas to help recreate the past.

## learn with pleasure

### Exhibition Hall (Museum House)

The exhibition hall explains how the houses were designed and built.

### Outdoor Exhibition
